These financial statements have been prepared to comply with Accounting Principles Generally accepted in India (Indian GAAP), the Accounting Standards notified under the relevant provisions of the Companies Act, 2013.

The financial statements are prepared on accrual basis under the historical cost convention.

B. Use Of Estimates

The preparation of financial statements in conformity with Indian GAAP requires judgements, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognised in the period in which the results are known/materialised.

C. Inventories

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.
